

FIRST AMERICAN PRISONERS

FIVE NAVAL GUNNERS TAKEN ABOARD SUBMARINE

23 KILLED IN GERMAN ENGLISH COAST RAID

(By Associated Press.) LONDON, Aug. 13.—Twenty-three persons, including nine women and six children, were killed and fifty persons were injured at Southend in Essex, forty miles east of London, by bombs dropped from German raiders, says an official statement issued last night.

Considerable damage to property was caused at Southend by the forty bombs dropped upon the town.

Two men were injured at Rockford, but four bombs dropped on Margate, in Kent, did little damage. The latest statement follows:

"Enemy raiders caused considerable damage at Southend where they dropped about forty bombs. The casualties thus far reported are: 'Killed: Eight men, nine women, six children. About fifty people were injured.

"At Rockford two men were injured but no damage is reported.

"At Margate four bombs were dropped. One uninhabited house was demolished but there were no casualties."

The text of the official statement says:

"About 5:15 o'clock this afternoon a squadron of about 20 enemy air-

AMERICANS LOST ON A STEAMSHIP

MISSIONARIES GO DOWN WITH A VESSEL OFF THE AFRICAN COAST

(By Associated Press.) WASHINGTON, Aug. 13.—Five American passengers were lost when the British steamer City of Athens struck a mine and sank near Cape Town, South Africa, August tenth, according to state department dispatches. Ten other passengers and four of the crew were also lost.

Four of the Americans lost were missionaries, Mr. and Mrs. Noyard, Miss Robinson and Caroline Thompson. The latter was of the Methodist mission board. Nineteen other missionaries, with headquarters in Brooklyn, were saved.

The fifth American lost was Mr. Sumner, whose address was not given. An Englishman named Duckworth with his American wife and six children also were lost. Her father lives in Denver.

FORTY-SEVEN OF CREW LANDED BUT MEMBERS OF GUN CREW ARE HELD AS PRISONERS OF WAR

(By Associated Press.) WASHINGTON, Aug. 13.—Sinking of the American steamer Campana, a Standard Oil tanker, with the probable capture of her captain and four members of the naval guard by the attacking German submarine, is announced by the navy department which issued this statement:

"The Standard Oil tanker Campana, American steamer, was sunk by a submarine on the morning of August 6, 143 miles west of the Isle de Re. Forty-seven survivors reached land in safety. It is believed that the captain of the steamer and four of the armed guards are prisoners on board the German submarine."

The Campana was the 38th American merchant destroyed through the operations of German and Austrian submarine raiders since the war began. Thirteen of these ships were sunk before the United States entered the war and 25 since that time. The total tonnage of the ships lost is about 113,000 tons.

The first American ship sunk was the William P. Frye, January 8, 1915.

The Campana was formerly the steamship Dunholme. She was built in 1901 at West Hartlepool, England, and was registered at 3,313 tons gross; 2,133 tons net. She was 335 feet long with a beam of 47 feet.

LEPROSY SUSPECTED IN YOUNG CHINESE

Local physicians disagree as to the diagnosis of a case of alleged leprosy which was brought to the attention of Dr. Masterson, the county physician yesterday. The subject who is a young, recently arrived Chinese hailing from Honolulu called at Percy's drug store yesterday to secure medicine for an eruption on his arm. The clerk who also came from Hawaii three weeks ago on learning the nature of the sores declared the Chink had a well developed case of leprosy and, practicing "safety first," very promptly summoned the health commissioner that he might decide on treatment for the case. The brown spots were found on both wrists, on the back of one leg, and on the back between the shoulders and pins stuck in the sore places produced no sensation. Even a burning match applied brought no expression from the subject.

The subject was isolated and the serum test was applied with the result that there was no response confirming the belief of some physicians that the blotches were not due to leprosy. The case was reported to Dr. Rupert Blue at Washington, and he answered by stating that the county would have to take care of the patient and assume all the expenses of treatment. Blood tests were made and the result will be known tomorrow. In the meantime, Dr. Lee, president of the state board of health, was notified and asked for instructions. There is no proper place for the care of such cases in Nye county and, if it should develop that the case is one of leprosy, the patient will be taken by automobile to San Francisco where proper treatment may be had.

PLAYGAMES INSTEAD OF FIGHTING

BRITISH CONVINCED THAT DAY OF THE SUPERMAN HAS ARRIVED AT LAST

(By Associated Press.) A PLACE IN ENGLAND, Aug. 13.—British military authorities convinced that the day of superhuman has arrived, have changed their methods of training men to meet any eventualities now and after peace comes. The watchword is "use your eye and brain," and they are training men to believe in themselves. Authorities are using games largely instead of training men to use weapons of frightfulness or devote time to teaching the use of the "three Bs," bullet, bayonet and bomb.

THE RELAY COURIERS WILL PASS THROUGH TONOPAH AT MIDNIGHT

The relay racers will not arrive in Tonopah until late tonight and, possibly early in the morning. It all depends on the condition of the roads which had been placed in excellent shape by the county and the several mining companies operating between here and Tybo. The cloud-burst yesterday may have wrought great havoc along the line as the rain seemed to come from that direction although the precipitation may not have been so heavy in the eastern end of the county. Towards Manhattan the roads were badly torn up and the stage had to drive with the footboard awash all the way from Spanish Springs. The Ely road was said to be worse but one of the Tybo fleet of trucks went out with a load at 3 o'clock.

The packet containing the message from the president of the United States to the general commanding the Pacific division and the governor of California did not reach Grand Junction until 7:25 Saturday morning. Then the going was rough as the roads traverse the worst section of the Rockies and through the gorge where the big washout occurred six weeks ago in the vicinity of

Price, Utah. The courier arrived at Salt Lake this morning at 2:30 o'clock according to a wire received by Ben Luce, president of the Tonopah Auto club, and a fresh relay took the packet. The distance between Ely and Salt Lake is 290 miles and, figuring at the rate of

MAY BUY SILVER AT CARSON CITY

GOVERNMENT WILL HELP THE MINERS TO REALIZE QUICKLY

(By Associated Press.) WASHINGTON, Aug. 13.—Because of the extreme rise in the price of silver, Director of the Mint Baker has authorized the mints at New Orleans and Carson City to purchase gold bullion on the basis of fineness, disregarding the basis of the value of the silver content, formerly used. The order also applies to some assay offices. Bullion containing not less than one part gold, nor less than 800 parts of base metals in a total of 1000 parts, may be purchased under the new regulations. Formerly the bullion containing at least ten times in gold the value of the silver content had been purchased.
